**SAUDI OGER LTD.**

### **Saudi Oger one of the largest contributors for Prince Salman Science Oasis Project**

Saudi Oger contributed fifty million Saudi Riyals as a support to the Prince Salman Science Oasis project.

Prince Salman Science Oasis project will be built on an area of 200 thousand square meters on a land located on King Abdullah Road, northwestern side of King Abdul Aziz City for Science and Technology.

Saudi Oger contribution to this national project represents its partnership with the community towards improving its development.

The Oasis project encourages the young members of the community, to discover the world and to choose their career path through encouraging them to explore the importance of science and education in building productive nations.

Prince Salman Science Oasis is an educational edifice and a national investment to develop all members of the society and their awareness to establish flexible ways to cope with environmental issues of our region to contribute to achieving the optimum exploitation of land resources.

It also aims to create awareness of the scientific and technical advancement in the various areas, and highlights the role of Muslim scholars in this scientific development by linking the Islamic Scientific Heritage with the modern industries.

Saudi Oger support of this initiative comes in line with the company Corporate Social Responsibility strategy to reinforce our continuous interest in the youth activities that enriches them professionally, culturally and socially.
